Old Colony Nurseries,

T. R. Watson,

Plymouth, Mass.
ANSWERS TO SOME QUESTIONS.

All plants, shrubs, or trees offered in this catalogue can be planted with success in the spring.

The planting season varies; sometimes beginning as early as March 20, sometimes as late as April 6.

All spring planting should be completed by May 15.

For Fall Planting the best results are obtained with Herbaceous Perennials, from September 15 to November 1. They should be protected with a mulching of pine needles or some other like material.

If it is desired to plant Evergreens in the Fall they should be planted the last week in August or the first week in September. Here the percentage of loss on Evergreens planted in the fall has always been much larger than on the same stock planted in the spring.

All deciduous shrubs and trees, including all the fruits offered, can be planted in the fall as readily as in the spring. These are generally ripened enough to ship from October 20 to November 1; but occasionally these dates must be advanced. From the time they are ripe until the ground is frozen it is perfectly safe to plant; the later the better.

Azaleas, Hybrid Perpetual Roses, and Rhododendrons should be planted in the spring only.

Packing is charged at the cost of material used.

All packages delivered free at express or freight offices in Plymouth.

We do not pay either freight or express.

All plants at the risk of purchaser after they have been delivered to the public carrier.
1840-1901

Old Colony Nurseries,

T. R. Watson,

Plymouth, Mass.
PRICE-LIST

Of Hardy Ornamental Trees, Hardy Flowering Shrubs, Evergreens, Roses, Bulbs, Herbaceous Plants, Fruits, etc., etc.

For Parks, Cemeteries, Gardens, and all Public and Private Grounds.

T. R. WATSON,

OLD COLONY NURSERIES, PLYMOUTH, MASS., U. S. A.

HOME OR FOREIGN ORDERS FILLED WITH THE UTMOST CARE AND PROMPTNESS.

Dear Sir:—I have the pleasure of handing you my Price-List of Trees, Shrubs, Plants, etc. Plants packed for Europe with great care. I give you the benefit of the lowest prices and hope to have your orders in full.

To persons about to ornament their grounds, I shall be happy to show the extensive plantations here, agreeably laid out in the modern style, covering fifty acres, containing many thousands of the leading hardy Ornamental Trees, Shrubs, Evergreens, Fruits, etc. My plantations, now more than fifty years old, are perhaps the most extensive in New England. The Nurseries are seven hours from New York, ninety minutes from Boston.

Particular attention is called to the large number of native American plants in this list: unless noted "collected," they are nursery grown. The Herbaceous Plants are field grown; i.e., they are large specimens, not pieces grown in pots and frames.

Correspondence is solicited with persons who contemplate planting in large quantities. On orders with satisfactory references, six to twelve months in advance of the shipment of stock, very considerable reduction can be made on prices by the hundred and thousand. Plants will also be grown to order at special rates when large numbers are wanted and sufficient advance notice is given.

Please remit by check or P. O. order.

Autumn delivery begins September 15, and spring delivery begins from March 20 to April 6. If you receive more than one list, please distribute to your friends. I will send lists to any address you may send me.

Yours very respectfully,

T. R. WATSON, Successor to B. M. Watson.

Agents wanted. Terms made known on application.

Errors that may occur in filling orders should be reported to me at once, and immediate correction will be made.

Packing will be charged at cost.

From the following lists 6 will be sent at the dozen rate, 25 at the hundred rate.

The superb maple, Acer Tataricum Ginnala, is the most showy of all the autumn maples, with its deeply incised foliage of the most brilliant scarlet. It is much earlier to turn than any other maple. Extra. Fine in masses.

— — var. alba, white, rare................  .75  6.00

Plants for Hedges and Boundary-Lines.

I have a very large and well grown stock of the hardiest and most approved hedge plants. I offer this season a splendid stock of California Privet in various sizes, now in great demand for hedging. I have also common Barberry, and purple-leaved Barberry, and the new Berberis Thunbergii from Japan, with its brilliant scarlet berries and rich crimson foliage in autumn; also the best evergreens in variety, such as Arbor Vita, Norway Spruce, Red Cedar, Hemlock, etc. The pure white Deutzia gracilis makes a first-class dwarf hedge. I have it in several sizes. I have fine plants of Japanese Quince, Hornbeam, English Beech, Honey Locust, Lilacs, pure white and Rubra de Marly, and the lovely new Japan rose, Rosa multilocula, a most profuse bloomer with great bunches of crimson berries for Christmas, also Sweet Briers. My stock of Buckthorns is very large and fine. The best vines and climbers for running over stone walls, fences, and other unsightly objects are the Ampelopsis (sorts), Bignonia radicans, Celastrus scandens, Clematis, Honeysuckle, Periploca, running Roses, and Wisteria in several colors.

BEECH, English................................ $2.50 $15.00

For Fruit Trees wanted in quantities, prices will be given on application.

Decorative Perennial Herbaceous Plants.

These plants are all hardy and produce an immediate effect, as they bloom the first year they are planted. They should be planted in the autumn, which is the best time for planting herbaceous plants, and should be covered with a forkful of dung to protect them from being thrown out by the frost. They may be planted in the spring, also, with great success. I offer the following choice collections of my own selection, in the very finest and most useful sorts. This class of plants is fast taking the place of bedding plants, as they do not have to be renewed every year.

Collection of 12 choice sorts, all different, named, $2.50  
      " 24 " " " 4.50

I will furnish 1000 plants, comprising a most extensive and valuable collection of hardy and ornamental perennial plants of my own selection, for $100; 500, $50.

ACHILLEA ptarmica, double white, for cut flowers; ........................................ $0.15 $1.50 $8.00
      — serrata, The Pearl, fine, new, double white, for cut flowers, extra; .................. .25 2.50 10.00
      AGROSTEMMA coronaria; .................................... .15 1.50  
      — Flos Jovis; ............................................. .25 2.50
      ALTHÆA rosen, Hollyhock, Chater's best strain, choice colors, extra fine, double; .... .15 1.50 10.00
      ALYSSUM saxatile, Gold Dust;  
      ANEMONE, Honorine Jobert, white;  
      — Pennsylvanica; ........................................... .15 1.50  
      ANTIENNARIA margaritacea (Anaphalis); .... .15 1.50  
      ANTHEMIS tinctoria, Chamomile; ...................... .15 1.50  
      ANOTHERICUM Iliastrum, St. Bruno lily; ........ .25 2.50
      APIOS. See Vines.  

AQUILEGIA Canadensis, Wild Columbine; ........................................ $0.15 $1.50 $10.00
      — chrysanth, columbine, the best yellow; ........................................ .15 1.50 10.00
      — — Hybrids; .............................................. .15 1.50 10.00
      — cornea, fine blue; ...................................... .15 1.50 10.00
      — — Hybrids; .............................................. .15 1.50 10.00
      — glauculosa; ............................................. .15 1.50 10.00
      — fine mixed Columbines; ....................... .15 1.50 10.00

These Columbines are all very choice, and among the most showy plants of the garden.

ARABIS alpina, very early, white; ................................ .15 1.50

ARMERIA, Thrift; .............................................. .15 1.50

ARUNDINARIA Japonica (Bambusa Metake), fine dwarf bamboo, hardy; ........ .25 2.50 15.00

ASCLEPIAS tuberosa, Butterfly Weed, good plants that have already bloomed; ........ .10 1.00 4.00

14
**ASCLEPIAS.** strong plants, fine...........................................$0.15 $1.50 $10.00

This is one of our finest native herbaceous plants, blooming all summer. Its rich orange flowers are very showy. It is much used now in large masses for cemeteries, parks, and all public and private grounds. It is one of the most effective plants in landscape gardening.

**ASTER Noval-Anglic.** Aster, Starwort, or Michaelmas Daisy, purple flowers..........................15 150 10.00
— — var. rosea, pink flowers..........................15 150 10.00
— Other native species mixed..........................15 150 10.00

These are among the finest of late blooming flowers.

**ASTILBE (Spiraea) Japonica.**..........................15 150 10.00
— — compacta multiflora..........................25 250 15.00

These are much used for forcing.

**AUBRIETA deltoidea.**..........................25 250 15.00
**BAPTISIA australis.**..........................25 250 15.00
**BOCCONIA Japonica.**..........................25 250 15.00
**CAMPANULA Carpatica, blue or white..........................25 250 15.00
— medium Canterbury Bells, double and single sorts in variety..........................15 150 10.00
**CASSIA, Marylandica.**..........................25 250 15.00
**CHRYSANTHEMUM, choicest hardy sorts..........................15 150 10.00.
**CLEMATIS Davidiana, blue, new, shrubby..........................35 350 20.00
— recta, white shrubby..........................25 250

For running sorts see Vines.

**COLUMBINE.** See Aquilegia.

**CONVALLARIA majalis,** Lily of the Valley, nice clumps, in quantity for $50 per 1000......10 100 4.00
— — with rose colored flowers, clumps..........................25 250 15.00
— — beautifully striped leaves, clumps..........................25 250 15.00

The Lily of the Valley is grown here on a large scale and can furnish very fine plants of each variety in large quantities, in clumps. They are not prepared for forcing. The other two sorts are excellent, and should be in all gardens.

**COREOPSIS grandiflora.**..........................15 150 10.00
— lanceolata..........................15 150 10.00
**DELPHEIUM elatum, Hybrid Larkspur..........................15 150 10.00
— grandiflorum (Chinense), Chinese Larkspur..........................15 150 10.00
**DIANTHUS barbatus, Sweet Williams, double and single varieties..........................15 150 10.00
**DICENTRA spectabilis (Dieflyra), Bleeding Heart..........................15 150 10.00

— Schönbrunn ..................................................... .15  1.50 10.00
— pedata .......................................................... .15  1.50 10.00

These violets are all perfectly hardy. Viola cucullata, rich
blue, is very much esteemed abroad for its fine effect in plantations,
forming great clumps and blooming profusely. The English violets
are very sweet and should be in every garden. Schönbrunn is
very fragrant and was a great favorite of Unser Fritz, and was
named from his palace and grounds in Germany, where it originated.
Schönbrunn and English white are very useful to plant freely
on the borders of avenues, etc., and will perfume your whole
estate.
WAHLENBERGIA. See Platycodon.

I will furnish 1000 herbaceous plants of my own choice, fine
sorts, for $100.

**Tender Bulbs.**

To be kept in the cellar in winter like dahlias.

**Peonies—New Chinese and Japanese Herbaceous.**

Well established plants from the open ground.

I have a very large and complete collection of this gorgeous flower. Of these I offer the following assortments at very low rates. They consist of the most celebrated sorts known, and include many that are yet very rare. This is now the most fashionable of all showy, hardy garden plants, both here and in Europe.

These fine Japanese and Chinese Peonies are well known to be the most showy flowers in cultivation, and are particularly adapted to our climate. They are entirely hardy and bloom a long time. They are accordingly very much used now for large masses in cemeteries, parks, and pleasure grounds; and may be followed by Lemoine's beautiful new Freuch Gladiolus, the stiff foliage helping to support the spikes of gladiolus. They should be planted among the peonies in May.
Plants are twenty-five cents each, your choice. 13, all different, named sorts, my choice, $2.50. 25, all different, named sorts, my choice, $5.00. 50, all different, named sorts, my choice, $10.00. For cheaper plants unnamed, see below. Plants are divided of these named varieties. They will have from one to three eyes. When planted in the fall about 80 per cent. bloom the following year.

ALEXANDRE DUMAS. Beautiful rose.
ALEXANDRE MECHIN. Dark crimson with yellow stamens.
ARSENE MEURET. Lilac violet.
CARNEA ELEGANS. White, center light yellow flecked with red.
DUC DECAZES. White, yellow, and red.
DR. BRETONEAUX. Fine pink edged with white.
EDOUARD ANDRE. Dark crimson with yellow stamens.
EDULES SUPERBA. Full double large pink.
FLAVESCENS. White with light yellow center.
FLESH COLOR. Flesh color and sulphur yellow.
FRANCOIS FIRST. Pink, salmon center flecked with red; free bloomer.
GEN. SCHIONHOFER. Pink, center salmon and pink flecked with red.
JAMES DE ROTHISCHILD. Flesh color and light yellow.
LADY DARMOUTH. Light pink, center yellow flecked with red.
LOUIS VAN HOUTTE. Crimson, extra free bloomer.
MARECHAL VAILLANT. Extra large violet purple; late.
MME. CHINEY. Pink shaded to white; extra large flower when full grown.
MME. FURTADO. Deep violet rose, center bright salmon.
MME. JULES CALOT. White, pink with yellow shades.
NE PLUS ULTRA. Fine, full double, large rosy pink.
NOBILISSIMA. Flesh, buff and flesh.
NOEMIE. Delicate pink.
POTTESI PLENA. Dark red.
PURPUREA SUPERBA. Large dark red.
QUEEN VICTORIA. Rosy white.
RICHARD FETTERS. Light pink, full double.
SOUVENIR DE PORTEAU. Flesh color and light yellow.
SPECIOSA STRIATA. Rose with violet shades.
SUPERBISSIMA. Full double pink, shading to white.
TRICOLOR. White, yellow, and red.
VICTOIRE MODESTE. Rich pink, center pink and white.
VIRGINIE. Large flower, well formed, fine pink.

I have also a splendid collection of first-class mixed varieties, including all the old favorites, at the following low prices:

A collection of 12 fine plants, without names, $1.50. A collection of 25 fine plants, without names, $3.00. A collection of 50 fine plants, without names, $5.00. A collection of 100 fine plants, without names, $10.00.

Paeonia Officinalis.

These Peonies are very desirable, as they bloom a week or ten days earlier than the preceding sorts. Belle Alliance and Jacqueminot are double, the others are single, those marked rose vary slightly in color. Price, 25 cents each; $2.50 per dozen.

ALEXANDER VON HUMBOLDT, light pink.
ARETINA BAXTERI, dark purplish red.
BLANDA, rose.
BRILLIANT, dark rose.
COMPACTA, dwarf, dark rose.
CHARLES DE BELLYME, deep pink.
DECORA ELATION, dark rose.

DECORA PALLASH, shade of rose.
JONATHAN GIBSON, light pink.
MADELINE, shade of rose.
BELLE ALLIANCE, double, pink.
JACQUEMINOT, double, color of Jacqueminot rose. (Officinalis Rubra.)
Tree Peonies.

Tree Peonies are shrubby sorts from China and Japan which do not die down in the autumn, but make hardy bushes of considerable size, bearing immense flowers of great beauty. Very showy. In ten choice varieties. Nice two year old grafts. Price, 75 cents each; $7.50 per dozen.

Hybrid Perpetual Roses. I offer this season a fine stock of Hybrid Perpetual Roses. They are well established plants, field-grown, grafted low. I have more than twenty of the leading sorts, all good growers and giving a pleasing variety in color of the flowers. They should be closely pruned and planted deep in well enriched soil early in the season. The prices are 25 cents each, $2.50 per dozen, $20.00 per 100.

ABEL. CARRIERE, velvety crimson.
ALFRED COLOMB, brilliant carmine.
AMERICAN BEAUTY, red.
ANNA DE DIESBACH, fine satin rose.
BARONESS DE BONSTETTE, rich velvety maroon.
BARON DE ROTHSCHILD, light rose.
BARON PREVOST, pink.
CAPTAIN CHRISTY, delicate rose.
COQUETTE DES ALPES, white.
DUCHESS OF ALBANY, red.
FISHER HOLMES, dark red.
GEN. JACQUEMINOT, rich velvety crimson.

Hybrid Sweet Briars. The Lord Penzance Hybrids are very fragrant, beautiful, single hybrids of the common Eglantine or Sweet Briar, Rosa rubiginosa. Prices: 25 cents each; $2.50 per dozen.

AMY ROBSART, BRENDA.
ANNE OF GEIERSTEIN, CATHERINE SEYTON.
EDITH BELLENDEN, LUCY BERTRAM.
FLORA McIVOR, ROSE BRADWARDINE.
MRS. JOHN LAING. MEG MERRILES.
MME. GABRIEL LUIZET, light yellow.
M. P. WILDER, carmine red.
MRS. JOHN LAING, soft rose.
MRS. JOHN LAING, deep velvety crimson.
P. C. ROHAN, dark rose.
ULRICH BRUNNER, cherry red.

Rhododendrons. I have a good collection of the best and hardiest Rhododendrons, hybrids of R. Catawbiense. These are among our best and most satisfactory plants. To insure good success they must be heavily watered during July and August, giving a much greater quantity of water at one time than is usually given grass or bedding plants. In December they should receive a mulching of leaves a foot or more in depth, and a covering of pine boughs, which should not be removed until after the middle of April, when all danger from the high spring winds is past. These cultural directions should be followed also for Azalea, Kalmia, etc. My stock contains the hardest varieties only, those which have been fully tested in Eastern Massachusetts; we offer ten or a dozen sorts only.

Seedlings........................... 18 to 24 in. $1.00 $10.00
R. maximum seedlings.................... .50 to 1.00 ea.

The price of a Rhododendron is the best description of the plant.
Small Conifers. I wish to call special attention to our collection of rare and desirable conifers. I offer at very low prices plants, from ten to twenty inches high, well grown in light, sandy soil, and well furnished with fibrous roots. I believe that these small plants will give better results than plants of larger size, while the first cost, including transportation, is very much less. For kinds and prices see Hardy Evergreens, Conifers, page 10.

Lilacs. I wish to call special attention to my stock of lilacs, see page 9. I offer not only a good many different species, but also a fine collection of varieties of the common and Persian lilac; all of these will be found very desirable.

Azalea Mollis and Ghent. My stock this year of these two Azaleas, and also other species offered on page 3, is particularly fine. All are well set with buds. These are not freshly imported plants, but those which have grown several years in my nurseries.

Ginkgo Trees. I have a limited number of this rare and charming tree, from three to four feet high, and well grown, at reasonable prices: they are recommendable in every way.

American Ashes. I offer a good stock of Fraxinus Americana and F. pubescens, well grown and thrifty. They make sturdy trees and are quick growers; for sizes and prices see page 5.

Flowering Apples. My collection of the genus Pyrus is quite complete. In addition to the well known and desirable sorts listed on page 7, I also offer a limited number of P. coronaria and P. Toringo, two year grafts, from 3 to 4 feet high, at 50 cents each.

Acer Palmatum (Polymorphism), Japanese Maples. We offer the following selected varieties of these, the most beautiful of all the Maples. The plants are small, thrifty, pot grown stock. Prices: 50 cents each; $5.00 per dozen.

Acer palmatum.

Acer palmatum purpureum.

Acer palmatum dissectum.

Acer palmatum atropurpureum, on own roots 12 to 15 inches. Price, 25 cents each; $2.50 per dozen.

Large Flowered Clematis. These are exceptional strong Holland grown plants. Two to three shoots and from 6 to 7 feet. Stock of these limited. Prices: 50 cents each, $5.00 per dozen.

GEM, blue. HENRYI, white. MME. LECOULTRE, white. STANDISHI, blue.

GIPSY QUEEN, purple. JACKMANI, purple blue. L. C. NEVILLE, blush white.

Wichuraiana Hybrids.

MANDA'S TRIUMPH, double white. SOUTH ORANGE PERFECTION, blush.
PINK ROAMER, pink with white center. UNIVERSAL FAVORITE, rose, semi-double.

Prices: 25 cents each; $2.50 per dozen.
